You pass the **Haider-Alm** and the **Donauer-Alm** and finally reach the **Chiemhauser Alm** .

On the way back, you pass the **Donauer-Alm** and turn left after the **Haider-Alm** , in the direction of Streichen. After passing the **Peterer-Alm** , you will reach the **Streichenkirche St. Servatius** , which is famous for its **Gothic altar** .

Right next to the church is the old **Mesnerhof** , which offers a **magnificent view** over the Achentel and the Geigelstein. The nice **beer garden** also invites you to linger. From there, the hiking trail, which is also used as a road, leads back into the valley to the starting point.
