

**Snowshoeing tour Winklmoos-Alm to Scheibelberg**

SNOWSHOEING

On the flat, sunny slope there is often a closed blanket of snow for a very long time. As long as the Winklmoos lifts are not in operation, this tour is a nice alternative.

*Starting point*

**Winklmoos Alm**

 *distance:*  
**5.7** kilometres

 *maximum altitude:*  
**1462** meters

 *altitude difference:*  
**334** ascending

*Location*

**Reit im Winkl**

 *duration:*  
**02:00** hours

 *minimum altitude:*  
**1129** meters

 *altitude difference:*  
**337** descending

Up to the mountain station of the Roßalm four-seater chairlift, the tour is very easy and also suitable for beginners. Further up to the summit of the Scheibelberg mountain, the tour gets steep and often icy, especially in the last section. The summit of the Scheibelberg is right on the border triangle of Bavaria, Tyrol and Salzburg. The way back is via the ascent route.
