Mountain hike Refreshment options: Taubenseehütte (\*); Chiemhauser Alm (\*); Stoibenmöseralm (\*) (\*) typical alpine snack, coffee and cake during the alpine grazing season (please note opening times) Acental hiking badge checkpoints: Hinterwössen circular route; Taubensee Special features: beautiful, refreshing mountain lake with swimming facilities; rare crabs in the lake; bizarre rock holes on the lake shore Tip: to cool off, take your bathing suit and jump into the Taubensee Description: Taubensee car park-Hinterwössen - Kroatensteig - Taubensee - Sauermöseralm - Stoibenmöseralm - Luftbodensteig - Taubensee car park-Hinterwössen From the hiking car park, follow the signposts to Taubensee and climb up along the Schlierbach past the Luftbodensteig junction until you reach the Kroatensteig junction. Here, climb left in serpentine up to the Taubensee. Here we recommend a short detour to the right to the Taubenseehütte, as it is only here that the panorama of the Tyrolean mountains opens up. Back on our path you will reach the Taubensee and walk up to the right to the Sauermöseralm. Here you follow the signs to Stoibenmöseralm and you will reach it after a short walk. Below the Stoibenmöseralm a path leads you to the edge of the forest and if you keep to the left you will reach the Luftbodensteig. (A head for heights and surefootedness is required). Follow this downhill and soon you will reach the forest road again, which you already know from the outward journey. Along the Schlierbach you will soon reach your starting point again. The Sauermöser and Stoibenmöseralm offer you wonderful views of the surrounding mountains and of Lake Chiemsee.
