 *altitude difference:*
175 ascending

Location

Schleching

 *duration:*
01:30 hours

 *minimum altitude:*
619 meters

 *altitude difference:*
79 descending

Alpine pasture circular route. Refreshment options: Bäcker-Alm (*), Berggasthof Streichen (currently closed); (*) typical alpine snack during the alpine grazing season. Achenal hiking badge Checkpoints: Berggasthof Streichen. Description: On the Klobenstein road from Schleching to Kössen, after the second tunnel on the left, there is a car park with a large concrete bear. The starting point is right at the beginning of the tunnel on the left. Here a forest road leads to the Bäcker-Alm. Follow this until the Bäcker-Alm appears after about 35 minutes. In summer, a snack with the alpine people is a good option. From here, you can return to the car park the same way. If you have never been to Streichen, you should definitely follow the signs to there (turn right just below the Bäcker-Alm).
