The moor circular trail is not only beautiful in summer - it also offers wonderful views and lots of fun for the whole family in winter. The signposted circular trail starts at the Egerndach church. From there, head towards Gasthof Ott. Turn right here and follow the path into the Egerndach moor. The moor circular trail is intended to be an opportunity for young and old to experience nature again and get to know it better. At various stations, you will receive interesting information about the moor and also have the opportunity to relax in quiet places and let nature work its magic. Please note that snow is not cleared or salt spread.
